

SUDARSHAN

mytake

Not since Charter President Brig.N.K. Gurung have we had an Army man at the helms of affairs in Rotary. This year after a gap of 28 years, we were able to break the spell with Rtn President Col. Prakash Thapa, a relative greenhorn in Rotary taking on the mantle with élan and poise. He brought back memories to old timers of the Club with the trade mark army discipline, punctuality and decorum - the raging pandemic notwithstanding.

The highlight of his tenure was our flagship Learning Commons Project going operational. Two hundred Government Primary School Teachers were given intensive training which we hope will jumpstart the poor quality of primary education in the Hills and also prepare them up to face the proposed introduction of

National Policy of Education (NPE), a policy formulated by the government of India to promote and regulate education in India in tune with emerging trends.

The Outgoing President will also be remembered for his record membership growth. Membership growth is the engine that powers the vehicle of Rotary. Growth of our members is important because new ideas and new interests reinvigorate the club – bringing in new energy and future leaders. The asset of each Rotary Club is its members. Rtn. Col Prakash Thapa will be riding off into sunset after handing over 8 new members and a 100 % retention to boot.

Incoming President Rtn. Sumit Jindal is a seasoned Rotarian, though he has spent most of his years controlling the purse strings of the Club. Young and energetic, he is known for his adroit networking skills which we hope he will put to use to engage with fellow members and use these connections to build partnerships that change the world.

This year, Rotary International President Jennifer Jones, who scripted history by becoming the first lady President, wants members to “imagine” the possibilities in the change they can make to transform the world, and has urged us to dream big and harness our connections and the power of Rotary to turn those dreams into reality.

Our best wishes to Incoming President Sumit Jindal as he embarks on a mission “when we get up each day knowing that we can make a difference.”

MEET YOUR PRESIDENT

Rtn. CA Sumit Jindal

Rotarian CA Sumit Jindal was born on 9th June, 1980 to Mr. Shiva Shanker Agarwal and Mrs. Sushila Agarwal and is the eldest of the three siblings. They all live in a joint family.

Sumit is an alumnus of the St. Augustine's School, Kalimpong where he completed his ICSE with distinction and served as school prefect and house vice-captain. Later he moved on to Rockvale Academy where he completed his +2 in Commerce Stream emerging as the Kalimpong topper in Commerce with an eye-popping 89.75%. He made an indelible impression by taking active part in elocution, debates, and drama and was the school captain and also adjudged the best all round student

of the year.

Following his childhood dream of becoming a chartered accountant, he moved to Delhi to complete his graduation where he joined Saheed Bhagat Singh College of Commerce and also enrolled in the CA course simultaneously. He passed his graduation with flying colors and after 6 years of diligent work he also completed his Chartered Account course in 2006. This was a turning point for him and his family.

Thereafter, he moved back to Kalimpong and opened his own Chartered Accountancy firm in the name and style of Sumit Jindal & Associates which is now a name to reckon with in the accounting, audit and taxation field. His office is located in the heart of the town, Damber Chowk where he practices his profession along with his brother CA. Suhit Kumar Jindal who also happens to be the auditor of our club. Both the brothers are well known and famous as NGO and FCRA specialists and are currently appointed as the statutory auditors of the prestigious St. Paul's School Darjeeling; Sakya Monastery Kalimpong;

Hayden Hall Darjeeling (internal auditors) and many other organizations and institutes, business houses and nurseries.

Sumit is outspoken vibrant and speaks out his mind easily – suiting his profession and personality .He likes to work hard and party even harder. He says “Life is boring without fellowship and dance”. An avid fan of Bollywood films and music, he loves to shake a leg now and then.

Sumit joined Rotary in the year 2007. He was proposed by late. Rtn. KN Pradhan. He served the club as the Treasurer for many years and also participated in various service activities.

Rotary is in his veins now and remarked once “In Rotary, we only give, give and give.”

Married to his childhood friend and school time crush Suruchi – they are blessed with two children – Naitik (12), studying in SAS and Yeshvi (4yrs) .

Sumit dreams of taking Rotary Club of Kalimpong to new heights and fulfil the vision of the Rotary international President Jenifer Jones of –***Imagine Rotary.***

He says, “I am thankful to the Almighty, my parents and family, teachers and my friends for whatever I am today.

“MESSAGE FROM THE PRESIDENT”

Dear All,

I am greatly honoured and thrilled to be serving as the 31st President of the prestigious Rotary Club of Kalimpong. I thank all the Past Presidents, Senior Rotarians and every member in the club for giving me this lifetime opportunity to serve as the President of the Rotary Club of Kalimpong for the RY 2022 – 23. Rotary is no longer a club anymore –

- It's a Revolution
- It a Phenomena
- It's a World Wide Movement and
- It's in the Blood of the veins of hundreds and thousands of people.

And thus, this very day and moment, I pledge to give my very best to uphold the good name and reputation of the Rotary Club of Kalimpong which has been built through the hard work, sacrifice and dedication of all my predecessors. I pledge to carry forward the legacy of our club with full honesty, integrity and service to mankind.

For this, I require the blessings of the Almighty and the unending support of the club members without whom I cannot do anything. Dear Seniors , Past Presidents and Friends in Rotary , I urge for your full-fledged support , love , guidance and co-operation in my entire term to be able to achieve the various plans and targets that my dear Chairpersons and Committee Chairs have laid down in consonance with the district goals .

Here I would also like to make special mention of my family who are here to witness this dream occasion of my life. My parents who have made so many sacrifices to bring

me to the position where I am today. My wife who has always stood beside me through thick and thin and supported me at all times. My Brother who has been my backbone always and my children who have borne with me in my absence. I love you all and I need your continuous support as well all throughout this year so that I can dedicate myself for "Service Above Self. Looking forward to the same.

I would like to congratulate IPP Col. P C Thapa and his entire team for the wonderful performance that they have shown during the RY 2021-22. The world had just come out of the clutches of COVID and it was a very difficult task to maintain balance between physical programs or virtual ones. Hats off to you IPP Col. P C Thapa for having maintained the right balance and achieving your goals and targets and setting new standards for our club. Congratulation to you and your team.

It's been fifteen long years that I have joined Rotary. In 2007 I remember Late K N Pradhan Sir and Late Ganesh Uncle coming to my office in Motor Stand and explaining to me the works and virtues of Rotary and inviting me for the GSE program.

There was no looking back from then. I was trained by the most able Rtn. Bharat Mani Pradhan daju and finally introduced and inducted as a member of the Rotary Club of Kalimpong way back in 2007.

As I started to come to the club I got a different kind of shock in life "THE PUNCTUALITY SHOCK". It was only after joining Rotary that I started to give value to time and one of our Past District Governors has remarked, "The Kalimpong Club is Irritatingly Punctual" and we are proud of the same. So let us all value time.

This Rotary Year is all the more special for me because I am Privileged to have the First ever Female President of the Rotary International, Ma'am Jenifer E. Jones. She is a member of the Rotary Club of Windsor – Roseland, Ontario – Canada.

She has created history and it's a sign of women empowerment and gender equality.

Her Presidential Theme for the RY 2022-23 is "IMAGINE ROTARY "

She wants members to imagine the possibilities in the change they can make to transform the world as she urges people to dream big and harness their connections and the power of Rotary to turn those dreams into reality.

She remarks “Imagine, a world that deserves our best, where we get up each day knowing that we can make a difference.” She talks about “that certain Rotary magic” which can let any work happen. Rotary needs to “adapt and retool.”

She remarks “You don’t imagine yesterday,” Jones said, “you imagine tomorrow.”

I am confident that my team and my club will give more than 100% to achieve her goal of imagining the possibilities in the change they can make to transform the world.

The pandemic is behind us now – surely most of it and we have learnt to live with it as well. The last three years have been very challenging for the Past Presidents in the sense that they had to strike a balance between Physical gatherings and Virtual Meetings.

Our term RY 2022 – 23 would be challenging in the sense that we have to bring everything back on track, The Physical Way. My Chairpersons and Directors have carefully laid down their plans and targets keeping in mind the budget constraints and I’m sure that with each one of us Imagining something or the other, we will be able to achieve most of the planned activities and targets. All the best.

Rotary has taught each one of us the true meaning of Service above Self, the real importance of applying the Four Way Test in all our activities and it reflects in all our acts and deeds. It’s an organization of togetherness, friendship and fellowship and mutual respect.

Let’s all Imagine Rotary making a difference in each ones lives.

In Rotary, “We only Give, Give and Give” and the satisfaction that we get is unmatched and un-paralled .

Let’s all join hands to imagine a better tomorrow.

Yours in Rotary,

Rtn. CA Sumit Jindal

President for RY 2022 – 23

Rotary Club Of Kalimpong - District – 3240.

OUT GOING PRESIDENTS MESSAGE

Rtn. Col P.C. Thapa

Dear Members,

1. Going, going , going..... and finally gone !
The Rotary year ! Reminds me of watching the sun set from a hill top in my school days. It seems only yesterday that I was handed over the reins by my predecessor, IPP Vikash Golyan, and the Rotary year is over in a ziffy ! Well, honestly speaking, although initially, for obvious reasons, I was a little hesitant and not confident to take over such a big responsibility but as the days passed by, with

the help and support of all fellow members I was able to handle my responsibilities. For this I am most indebted and grateful to the Vice President, Secretary, the Chairs and Directors of avenue of service, senior Rotarians and fellow members. Thank you!

This was again possible due to the sustained hard work by Rtn Bharat Mani Pradhan and Hon'y Rtn Manindra Bhujel and Literacy Chair Rtn Sharda Mukhia.

5. Installation inspires us as we look back at the year which had gone by and motivate us for the year ahead. I do hope that the year ahead will be a safe and exciting one for each and every one of us. During this period, let us “Dream Big” and set “Big Goals”. The RI President Jennifer Jones urged us to “Dream for a better world and to take the help of Rotary to changes those Dreams to Reality”. Let us Imagine a world which deserve our best. Every-day we wake up let’s believe that “We can make a Difference”. As Rotarians, you are “Change Makers” and you will change the lives for good of every person that you come across. Our moto is

Service Above Self. It has taught us to care for others, share with others. Service, to us, is about thinking of others even before we think of ourselves. We should Adopt & Retool our policies so that we remain Relevant in our society and have a Thriving Image amongst them.

Friends, as we go about our service initiatives, our special focus for the forthcoming year will be on Empowering girls. We should try to mitigate the disadvantages of the girls which they face in their society.

Dear Rotarians ending Polio, working on large, impactful projects and increasing our membership to a never before 1.3 million, makes the task ahead of us challenging. It should excite us. Rotarians love challenges. I hope we are all ready to accept the challenge.

Let us jump into action and head for an exciting year.

SECRETARY'S ANNUAL REPORT ROTARY YEAR 2021-22

Sheila Rai Fudong, Club Secretary ('21-22)

The '21-'22 Rotary year has come to an end but we can't bid farewell to it yet. Not without the secretary's annual report being given. I will put forward a timeline as succinctly as possible without being too overbearing or pedantic.

July

1st: The 1st of July '21 started with a bang, dismal weather notwithstanding. Our Club conducted the first community project of the new Rotary year by distributing umbrellas to our coolie *daju bhais* and some *didis* as well.

4th: This was followed by a KYN (Know your Numbers) programme at our Rotary Centre. 32 members and Anns were tested for their vitals. CLUB LEADERSHIP PLAN (CLP)

What is CLP ?

1. Club Leadership Plan (CLP) is the recommended administrative structure for Rotary Clubs.
2. It includes a number of operational processes based on best practices of effective Rotary Clubs all over the world in the past 117 years.
3. CLP emphasizes on consensus for decision making , continuity of leadership, good management of projects, and involvement of all members in service, fellowship and training.

Why CLP ?

4. Each year Rotary leadership changes at all levels. Rotary leaders are volunteers with many demands on their time.
5. Thus having standard administrative structure for all Rotary clubs makes it easier for all leaders to focus on service matters rather than on administration.
6. A well thought out CLP thus ensures better succession planning and ensures continuity of leadership.
7. Every Avenue of Service and Standing Committee must have an under study member in the committee to move up and ensure continuity of leadership.

Implementation of CLP

8. Rotary Club of Kalimpong has been following the CLP in it's plans at all levels. Club leadership planning for the President of the club has been planned till 2028-29 as under :
